"Engineers participate in the activities which make the resources of nature available in a form beneficial to man and provide systems which will perform optimally and economically."

[L. M. K. Boelter, 1957](#)

THIS MONTH:

FRY CREEK NO. 2 BANK STABILIZATION

by

Beatriz Aamodt and Jared Cottle
City of Bixby

SPEAKER

City of Bixby

Beatriz Aamodt is the Public Works Director at City of Bixby. Ms. Aamodt has a B.S. in Civil and Environmental Engineering from Clarkson University.

Jared Cottle is the City Engineer at City of Bixby. Mr. Cottle has a B.S. in Civil and Environmental Engineering from Cornell University.

Coming Thursday, May 28th:

“Geotechnical: Value Worth Investing”

Mr. Endeson “E.J.” Juanda serves as a Client Manager at Kleinfelder. His efforts are to support the growth and diversification of the Oklahoma area of Kleinfelder's South Central Region. With nearly 9 years of engineering experience, E.J. has worked for local, state, and federal agencies as well as numerous private sector clients. His most extensive experience is related to subsurface exploration and geotechnical engineering design for roadway, highway, and bridge projects for various local municipalities, Oklahoma Department of Transportation (ODOT), B.I.A., and Oklahoma Transportation Authority (OTA), as well as for airport runways and taxiways.

E.J. earned his bachelor's degree in civil engineering from the University of Oklahoma in Norman, Oklahoma. He has held many positions, as a geotechnical staff engineer, project manager and department manager in Oklahoma. He is a licensed Professional Engineer in the States of Oklahoma and Arkansas. E.J. is an active member of the American Society of Civil Engineers (ASCE).

Lunch provided by ASCE and Kleinfelder
Please RSVP to Rebecca Ward at rebecca@guyengr.com

Lunch and Learn will be held at Kleinfelder at 10835 E. Independence, Suite 102, Tulsa, OK 74116.
